(graphic designer / developer / marketing expert)

We still have a lot to do so if you are looking for new opportunities, do not hesitate and contact us. But we say in advance that we do not conceal that our choice is strongly elitist. We offer a lot of freedom at work but we won't let whoever to join us. Each and every single one of us is a professional in his area and you have to be too.

You will be rewarded by maximal flexible working hours - if you prefer working at night as you don't like mornings, your working time will be as you want. You will also like us if you don't like to commute to work, because with us, you can work from home all the time.

We will have a skype call from time to time to discuss your progress. We will also go occasionally for a coffee together.

Simply, if you're a professional, you will be satisfied here.

In our company dominates friendly and relaxed atmosphere but deadline and quality are holy things we don't discuss about.
